"It's a joy to come here, to see the great love and affection and joy that is going into the new Spiritual Care Centre. A place that will look after the whole human person, not just the illness that is going to deprive them of life. A place that will make their living as joyful and as good and as cared for as it can be, and that will lift all the family around them . . . This is truly community at its absolute best."

DECHEN SHYING SPIRITUAL CARE CENTRE

How you can help

A place of respite in an environment of peace and outstanding natural beauty where people of all beliefs can come to rest, reflect and find meaning in life and hope in death.

Spiritual
Care

Bursary Fund

Dechen Shying Spiritual Care Centre cares for those living with illness or facing death and for their families and friends. We welcome people from all walks of life and of all faiths or none.

As a charitable respite home, we rely on community support to enable us to provide compassionate and specialised care to people with limited resources.

You can make a donation to our bursary fund with a single donation or standing order.

Memorial Giving

When someone close to us dies, it is natural to want to honour the memories of that special person. You can make a donation in memory of a loved one's life, creating a meaningful tribute which continues to benefit others in the future.

Gifts can also be made in honour of a person who has had a significant impact on your life or to celebrate a special occasion or anniversary.

You can request that donations be made to Dechen Shying Spiritual Care Centre 'in lieu' of flowers. This request is often included in an obituary and coordinated with the Funeral Director.

We will send a written acknowledgment to individuals whom you designate, notifying them of your thoughtful gesture. The amount of your gift will not be disclosed.

Memorial Garden

The Memorial Garden at Dechen Shying Spiritual Care Centre is a serene and sacred place that will be enjoyed by our visitors as a living remembrance for generations to come.

Planting a new tree or installing a bench in the garden can help to heal the pain of loss, creating a special place for friends and family to visit, to remember and to reflect.
